Message from the Lord Mayor

With the active involvement of Council Members, residents, community stakeholders, and Town Staff, I am thrilled to present the 2022-2026 Niagara-on-the-Lake Council Strategic Plan. This comprehensive plan acts as a guiding roadmap, defining measurable goals and priorities that will shape the future of Niagara-on-the-Lake during Council's term. It consistently focuses Council's actions and decision-making processes.

Strategic planning is a crucial process that establishes a vision, defines direction, and formulates long-term objectives. It encompasses specific plans to achieve these objectives, their implementation, and subsequent evaluation. This process offers numerous advantages, such as providing a clear sense of direction, anticipating potential risks, and fostering accountability.

Through extensive collaboration and thoughtful consideration, Council has developed a thorough Plan to lead the future of our community. The Plan acts as a continuous guide and involves actionable steps to obtain our identified priorities, positioning our Town for success and directing our community toward a promising and prosperous future.

Through regular progress reports provided by Town Staff, Council will remain well-informed regarding completed milestones, ongoing initiatives, and upcoming projects. This process guarantees that strategic decisions are made in alignment with the Plan, fostering a cohesive and coordinated approach.

It is with great pride that Council presents this Plan, which outlines our forthcoming initiatives. The dedication and effort invested in this endeavour are truly commendable, and I encourage all readers to explore the intricate details of what lies ahead for Niagara-on-the-Lake and follow along as we achieve success together.

Thank you for your continued support and commitment to our beautiful community.
