# PETITION FOR REDUCED SPEED LIMIT

EAST-WEST LINE FROM CREEK ROAD TO  
LAKESHORE ROAD

This is a petition to the Town of Niagara-on-the-Lake to reduce the speed limit on East-West Line from the intersection of Creek Road to the intersection of Lakeshore Road to 60 km/h. The residents and properties on this section of East-West Line are subject to unsafe road traffic as many drivers exceed the current limit of 80 km/h. This issue has compounded as a result of increased population in the town, and the reduction in speed limits on neighboring roads. This has unintentionally forced more traffic down this section of East-West Line as drivers want to "save time." We demand the Town Staff and Council investigate this problem and reduce the speed limit on this section of East-West Line.

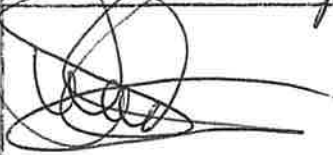

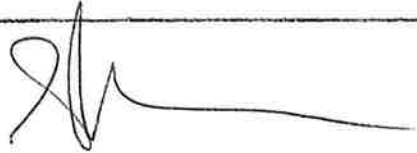

SINCERELY,

RESIDENTS AND PROPERTY OWNERS OF EAST-WEST LINE

SPEED PETITION
