RE: HERITAGE GATEWAY FEATURE PROJECT CONSTRUCTION

Dear Kevin,

After having met with and reviewed the credentials, proposal, and construction schedule from Aldershot Landscape Contractors Limited (ALC) submitted to our office for the construction of the new Heritage Gateway Feature, we wish to make the below recommendation.

ALC is completely qualified and best suited to proceed with the construction and project management of this project on behalf of the Town of Niagara-On-The-Lake. Their wall construction team will be led by Menno Braam, who is one of two accredited dry stone wall specialists in Canada. He has numerous years of experience in building and teaching this art.

The construction proposal submitted by ALC is within the budget established by our donor Gerry Kowalchuk. Also, their construction schedule fits within the timelines established by the Town of Niagara-On-The-Lake. We are targeting a late 2022 completion.

We have worked with ALC for over four decades and have never had a site issue with them. For these reasons, we would like to recommend that the Town of Niagara-On-The-Lake award this project construction to ALC. We hope that Gerry Kowalchuk will also agree with our recommendation.

If you have any questions or concerns, please do not hesitate to contact myself directly.

Respectfully yours
